ADMIRAL WILLIAM IV REAR ADMIRAL OF THE FLEET

Occupation **Military (Naval)**

Signature

Lord High Admiral

Image by Martin Grieve, 28 August 2006

Since the Restoration the anchor and cable flag had been called variously, "ensign (or flag) with anchor and cable", "flag red with a yellow anchor and cable in the fly", "red standard with the anchor in it", or "the anchor flag". And it was not until 1686. in a table of flag usage drawn up by Samuel Pepys, Secretary to the Admiralty, that the Anchor Flag was described as being specifically that of the LHA. However this was the case only when the King was in the Fleet aboard another ship, and in all other circumstances the flag of the LHA was the Royal Standard. When the office was in commission and there was no LHA, the Anchor Flag was the flag of the Commissioners of the Admiralty.

"Admiralty Office, 22 March 1691. Gentlemen, We do hereby require and direct you to cause a fitting red silk flagg, with the anchor and cable therein, to be provided against Tuesday morning next for the barge belonging to this Board. Your affectionate friends, C.C (Lord Cornwallis), J.L. (John Leake). etc."

The Earl of Pembroke was appointed LHA in 1701 and issued two warrants to the Navy Board directing it to "provide a Standard for my Lord High Admiral, the Earl of Pembroke, such as is usually worn by the Royal Family". And "a silk flag for the head of his boat such as properly belongs to the Lord High Admiral of England". However before the warrants could be executed William III died and the new monarch, Queen Anne, deprived the LHA of the right to fly the Royal Standard. Pembroke now ordered "so many of these flags which particularly have been worn by the Lord High Admiral of England &c., by vertue of his Office, as may be necessary for my Ship and Boat". Thus the Anchor Flag now became the only flag of the office of LHA which effectively ceased to be a single person after 1702. When a Declaratory Act (2 W&M, sess.2, c.2) stated that all authorities, jurisdictions and powers which by Act of Parliament or otherwise had been lawfully vested in the LHA of England. Should appertain to the Commissioners for executing the office for the time being, to all intents and purposes as if the said Commissioners were LHA of England. The office has been in commission ever since 1709, apart from three years when the Duke of Clarence was appointed LHA until he became King William IV in 1830. David Prothero, 28 August 2006

Commission to adjudicate upon certain Land Claims near Poverty Bay in the said Provincial District and such appointment was notified in the New Zealand Gazette on the thirtieth day of February One thousand eight hundred and sixty nine

2 That in pursuance of the said appointment and for the purpose of making the enquiries directed by the Commission I and the said Henry Alfred Munro during the months of June and July One thousand eight hundred and sixty nine held a Court at Turangamui near Poverty Bay aforesaid

3 That during the sitting of the said Court the claim of Riponatu Hataua and several others Aboriginal natives of New Zealand to see an Enlargement of Block No 2 was one of the claims presented and determined by the said Commission

4 That my original profession was that of Land Surveyor

5 That during the said sitting of the said Court I requested the native owners or claimants of the said Turangamui No 2 Block who had then already sold the said block to the General Government of New Zealand to take me over the boundaries of the said Block and I was accordingly taken by them to the place marked A on the plan marked with the letter D now shown to and signed by me the said place is on the bank of the river where a Willow tree grew and being on the said place I noticed that there was a surveyors line cut from the point marked A to the point marked B on the said plan

6 I and the said natives were not able to walk direct from point A to point B on account of intervening swamps but to the best of my own remembrance and belief the said natives took me first to point B and thence pointed out the place marked C which was a mound upon which a survey station or surveyors peg or mark was made as being the inland boundary of the intended Township or of the block so sold to the Government

Dear Customer

Maori Land Compliance Issues

This letter is to advise you of issues that have arisen in connection with the registration of title transactions affecting Maori Freehold land, and the measures LINZ now needs to take to ensure compliance with Te Ture Whenua Maori Act 1993.

Audit

Recently the Registrar-General of Land commissioned an audit of lawyers making *e-dealing* certifications in relation to Maori Freehold land. A compliance review of transactions lodged over a sixteen month period has identified that incorrect certifications have been provided in 25 out of 45 cases where Maori Land Court confirmation was required.

These results are disappointing, and indicate that further steps are needed to ensure lawyers meet their obligations under Te Ture Whenua Maori Act 1993 when certifying land title transactions for registration.

LINZ and the New Zealand Law Society Property Law Section take these matters very seriously and will be working together to ensure that further guidance and education is provided to the legal profession on compliance requirements for Maori land.

Also, to address these issues in the interim, LINZ will put in place additional measures that will enable *e-dealing* transactions affecting potential Maori Freehold land to be quality assured for compliance by LINZ personnel prior to registration.

Step Down to Lodge

For the time being, we will implement a new business rule within Landonline. Transfers and mortgages which are currently 'auto registration' will step down to 'lodge', if the land involved is flagged with potential Maori Freehold land status. This effectively means that all instruments affecting Maori land will be subject to further review by LINZ to verify that the requirements of Te Ture Whenua Maori Act 1993 have been complied with.

Upon receipt of the dealing, an investigation will be carried out by a LINZ Processing Centre officer to establish whether or not the land is Maori Freehold land and, if so, whether the appropriate Maori Land Court confirmation has been obtained. If necessary, a requisition will be issued to the law firm to produce appropriate evidence of Maori Land Court confirmation.

Confirmation Process

Where the lawyer has certified that they have complied with the requirements of Te Ture Whenua Maori Act 1993, they will need to lodge an image of the Maori Land Court confirmation with the instrument.

Where there is no such confirmation, the LINZ Property Rights Analysts (PRAs) will ask lawyers to produce this certification. LINZ will accept a copy of the Maori Land Court confirmation. This copy can be faxed, emailed, or photocopied and posted to LINZ. LINZ will require this evidence before the transaction is registered.

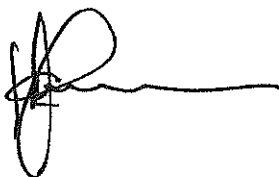

Consequences of Non-compliance

Any instance of non-compliance will be treated seriously.

LINZ will refer such cases to the New Zealand Law Society Lawyers Complaints Service. A lawyer who, without properly investigating land status, provides an incorrect certification as to Maori land compliance will be in breach of Rule 2.5 of the Lawyers and Conveyancers Act (Lawyers: Conduct and Client Care) Rules 2008 and may face disciplinary action as a result.

The Registrar-General of Land may also impose sanctions under the Land Transfer Act including suspension or revocation of *e-dealing* certifications rights pursuant to section 164B(2) of the Land Transfer Act 1952.

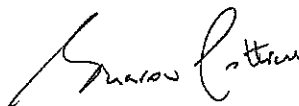

Yours sincerely

Published 10 February 2012

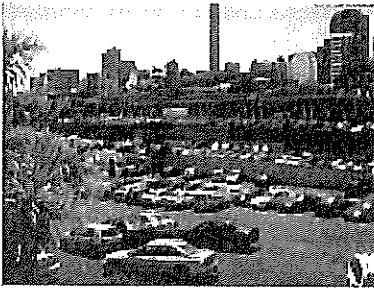

Tournament Parking Ltd's owners, James Brown & Simon Rowntree, have bought the old Cook St city council depot site.

The price for the 2.9ha property was not disclosed. All Mr Brown would say on that yesterday was that it was "market value", reached after 8 bidders took part in the Bayleys tender which closed in December.

Sydneysider Doug Rikard-Bell tried for nearly 6 years to pull together enough buyers to get at least the first stage of his upmarket Rhubarb Lane development under way on the Wellesley St side of the site, a major holding on the western fringe of Auckland's cbd which runs down from Nelson St.

Before that, Jamie Peters held the site for development and split ownership into lessor & lessee parcels. Mr Rikard-Bell began first as tenant, then acquired the underlying lessor's interest in December 2008 for \$43.5 million at a Bayleys mortgagee auction, supported by first mortgagee Westpac (NZ) Ltd.

Mr Rikard-Bell brought in Brookfield Multiplex as a development partner for the Rhubarb Lane project, but they failed to get enough sales and Westpac again took the property to the market.

Tournament director James Brown said after more than a month of negotiations concluded yesterday: "We plan to hold this property for at least a generation. This Victoria Quarter district has hosted the type of enterprising & dynamic businesses that so much of Auckland's story has been built on.

"We have a vision for the city works depot. We understand & respect the story & great achievements of the architecture and plan to retain the buildings. We will create a desirable district for high energy/personality businesses that proliferate this side of the Auckland cbd."

Mr Rowntree added: "It's a shame the great masterplan for the redevelopment of the site won't be proceeding in the foreseeable future - we really thought it would have been great for the city. We were in fact a pre-purchaser of a Rhubarb Lane a-pod. At the same time, we are pleased with this opportunity."

Mr Brown & Mr Rowntree set up Tournament Parking in 1997 and have been involved in the site since 1999, 4 years after Nina Hsu (Greentop Developments Ltd) bought it from the Auckland City Council. She planned a \$160 million mixed development including a hotel, residential units & commercial space, but the most recent proposal, Rhubarb Lane, was far grander.

Mr Rikard-Bell got consent for 20 new buildings containing just under 148,000m² gross floor area, including 1084 residential units, 360 residential/office spaces, 3793m² of retail, food & beverage and service activities and 2530 ancillary & 560 public short-term parking spaces.

But in an economic climate still not favouring development, Mr Brown said he & Mr Rowntree intended to refurbish the existing buildings: "We're not going to build anything new on the site. We're not property developers and the market's not right for it at this stage."

But he said they were excited about the neighbourhood. "We've been on that site since 1999 so it's an emotional purchase for us. We understand the property."

He gave credit to Mr Rikard-Bell for creating the notion that this should be the centre of the cbd's west. The site is bound by Cook St on the south, Nelson St on the east, Wellesley St West on the north & Morton St on the west. It has blocks of apartments rising above it up Nelson St, but the area will change when SkyCity Entertainment Ltd develops its \$350 million 3500-seat international convention centre on a 1.2ha site between Hobson & Nelson Sts, west of its existing casino & hotels and running down to the council depot land.

Mr Rikard-Bell may yet be involved in the site again, as a tenant with his motorbike repair business. He accepted he couldn't meet the development timeframe for Rhubarb Lane, but felt he'd nursed a good outcome for the bank & new owners: "The place will look loved, the sheds will be immortalised. It's the best possible outcome for me and not a bad outcome for Auckland."

As for the sale price, Mr Rikard-Bell said he would come out with his shirt on his back - unlike Mr Peters, who said he didn't have the \$70 million to cover his debt on the property when it was sold in 2008. He filed for bankruptcy in October 2009.

A market price is likely to be above the \$1300/m² Progressive Enterprises Ltd paid for the Soho Square hole in the ground in Ponsonby and could be expected to cover the Westpac bill for supporting Mr Rikard-Bell's 2008 purchase, putting it around \$1500/m². The competition created by having 8 bidders might have lifted the price a little, but with no development window imminent all buyers would have been looking at holding the land for some time.

As well as to all Citizens of New Zealand: persons linked on facebook, twitter, google and youtube AFFIDAVIT: I Hoani Kahaki John Wanoa Legal Advocate Creditor of Auckland swear to God Almighty here is my Sovereign Truth words

- On February 25, 2013, a lawfully constituted Common Law Court of Justice found Elizabeth Windsor, Queen of England and Head of State of New Zealand and its churches, guilty as charged of Crimes against Humanity. Extended from Canada to New Zealand and of engaging in a Criminal Conspiracy to conceal Genocide. The same verdict found New Zealand Prime Minister John Key guilty of the same offenses as Stephen Harper Prime Minister of Canada. They have 7 days to pay Moai Bill Debt Charge against their Defendants Name, Corporate Business Name.
- (a) This verdict was based on irrefutable evidence, including eyewitness accounts of Elizabeth Windsor, while on a state visit to Canada. Ms. Windsor has never denied or refuted this charge or evidence, nor did she respond to a Public Summons issued by the Court. Same in New Zealand
 (b) The Court's verdict rests upon the Nuremberg Legal Statutes of 1950, which allow any head of state to be tried for Crimes against Humanity under Canadian law to hold Crown liable for tort offenses committed in Canada, extends to New Zealand under various British & Moai Land Laws!
- Elizabeth Windsor therefore stands condemned as a convicted felon, as a fugitive from justice. She is now liable for arrest and imprisonment under the terms of the Court verdict. The Court in fact issued a Citizens Arrest Warrant for the detention of Elizabeth Windsor on March 5, 2013. Ms. Windsor evaded this Warrant. It extinguished her NZ Parliament Sovereignty Authority back to Moai Pacific Ring of Fire Ruler as Administrators!
- (a) Each of you named accused Bill Charge Debtors Consignees has taken a public oath of allegiance to Elizabeth Windsor as the Queen of England, and Queen of New Zealand. - (a) Canada and presently New Zealand has been rendered as states without legitimate legal or political authority, will remain until a new and lawful Head of State of Canada can be established with a Constitution democratically established by Canada people. New Zealand is already a Moai Crown State!
 (b) 'Moai Crown Confederations' New Zealand and Pacific Island States Congress, is a Legal Lawful constituted British Government established authority, existing in New Zealand, Extant in Westminster Parliament enforceable Statute Law. All citizens are required to police and govern themselves without reference to any existing authorities or laws, which are nullified, illegitimate and inoperative. Canada will benefit off Moai Crown Sovereignty
- New Zealand Moai citizens are a wholly self-governing body established by existing local committees of a Maori National Congress. Has a Legal Constitution and Jurisdiction established since 1835 Declaration of an Independent State of itself, Moai Hapu Sovereign Nation State Government. Maori Congress ratified this legal charter. Established as a Democratic Republic of Aotearoa, Maori Confederation Sovereign State of 'Moai Crown'.
- This 'Moai Crown' Constitution includes a legal framework by which church organizations "convicted by the Court" - the Vatican, Catholic, Anglican and United Church - can legitimately and lawfully operate in Canada, New Zealand and Moai Pacific Islands, if such further operation is the will of the People. 'Moai Crown Confederation' is a Legal Law Entity Government Structure set up with our (Maori) Moai Hapu Sovereigns Native Council Seat on the United Nations Council in place for us. The Constitution as in force on 1 January 2012 together with proclamation declaring the establishment of the Commonwealth, letters patent relating to the Office of Governor-General, Statute of Westminster Adoption Act 1942 Australia Act 1986.

MOAI CROWN AFFIDAVIT! 17 June 2013 used as Evidence to our FRAUD CASE against Australian and New Zealand Prime Ministers and the QUEEN of ENGLAND JULIA GILLARD, JOHN KEY, JERRY MATEPARAE and ELIZABETH WINDSOR!

The Australian Constitution has properly been described as 'the birth certificate of a nation'. It also provides the basic rules for the government of Australia. Indeed, the Constitution is the fundamental law of Australia binding everybody including the Commonwealth Parliament and the Parliament of each State. Accordingly, even an Act passed by a Parliament is invalid if it is contrary to the Constitution.

Red box statement 'Act of Parliament' is the Offense

Since that time, Australia has become an independent nation, and the character of the Constitution as the fundamental law of Australia is now seen as resting predominantly not on its status as an Act of the British Parliament, which no longer has any power over Australia, but on the Australian people's decision to approve and be bound by the terms of the Constitution.

Red box statement 'Act of Parliament' is the Offense

Before a proposed law (commonly referred to as a Bill) becomes an Act of Parliament it must be passed by both the House of Representatives and the Senate. The Bill is then presented to the Governor-General who assents to it in the Queen's name (section 58). A Bill becomes an Act of Parliament when it receives this assent. Nearly all Bills which subsequently become Acts of Parliament are proposed by the Government – that is, the parliamentary party or coalition of parties which holds a majority of seats in the House of Representatives.

Nearly means not quite or not at all for the benefit of the doubt MOAI says is LOOSE!

The Constitution itself is contained in clause 9 of the British Act. The first eight clauses of the British Act are commonly referred to as the 'covering clauses'. They contain mainly introductory, explanatory and consequential provisions. For example, covering clause 2 provides that references to 'the Queen' (meaning Queen Victoria, who was British sovereign at the time the British Act was enacted) shall include references to Queen Victoria's heirs and successors.

If the aforesaid validly establishes that the Constitution Act (but not the Constitution) may be amended or repealed without a referendum, could this also mean that there may be scope to do the same with the Constitution itself given that the Constitution is part of the Constitution Act?

A High Court judgement^[61] summarises the effect of s 51 (xxxviii) of the Constitution as it was interpreted in *Port MacDonnell Professional Fishermen's Assn Inc v South Australia* (1989) 168 CLR 340 thus:

The effect of s 51 (xxxviii) is to empower the Parliament 'to make laws with respect to the local exercise of any legislative power which, before federation, could not be exercised by the legislatures of the former Australian colonies'. It represents an actual enhancement of the legislative powers of the States because 'it confers, by implication, power upon the Parliament of a State to participate in the legislative process which the paragraph requires, namely request (or concurrence) by a State Parliament and enactment by the Commonwealth Parliament'. There is a potential enhancement of State legislative powers because the Parliaments of the States are the potential recipients of legislative power under a law made pursuant to the paragraph. Any room for an inhibition against giving to the grant in s 51 (xxxviii) its full scope and effect by reason of what was once the status of the Commonwealth itself within the British Empire no longer applies.

Now, s 51 (xxxviii) is subject to the Constitution. That being the case, does s 51 now have the effect to void any law made to amend or repeal the Constitution under s 15 (1) of the Australia Act 1986 (Cth) given the High Court has now put to rest any doubts as the validity of this Act?^[62] If the answer is 'Yes', could a similar effort under s 15 (1) of the Australia Act 1986 (UK) overcome this technicality?

AUSTRALIA ACT 1986 (UK)

The Australia Act 1986 (UK) is a British statute. It is a fundamental or higher law which prevails over ordinary laws and it cannot be altered by any one Australian legislature acting unilaterally. Its force in Australia now must rest on the authority of the Australian legislatures empowered to alter the Act under s 15 of the Act.^[63]

This act has its source in the Statute of Westminster (section 4 of the Statute was then available) and was passed in case the Australia Act 1986 (Cth) was found to be invalid.^[64]

Theoretically, the combination of Parliaments specified in s 15 (1) of the Australia Act (UK) may not be bound by the opening words of s 128^[65] (of the Constitution), as may apply^[66] to the Australia Act 1986 (Cth), to enact legislation to repeal or amend section 8 of the Statute of Westminster, 1931. Such Commonwealth legislation would technically be an amendment to the Australia Act (UK) and thus, being a later enactment with the same force as British legislation applying by paramount force, would effectively amend or repeal the provisions of the Constitution Act.^[66] Whether or not the High Court would or could conclude this is not possible is yet to be determined.

Claim No.

DEFAULT LIEN CHARGED FOR MIXED WAR FRAUD & TREASON

Brief details of claim

Claim. This is a very serious case of Fraud dating back to 2009 when I registered an interest on the Land Title that this property 61 Cook Street Auckland City sits on that was the cause of a Westpac Bank foreclosure because of default payments. Over the Mortgage by one Jamie Peters previous landowner who allowed me to investigate his Land Title and Mortgages. I am a previous Real Estate Agent for Harveys Real Estate Company proficient in Land matters and particularly "Crown" and Maori Land Titles, Mortgage Broking and Banking Loans experience to do this work. There were 11 Investors who lost NZD\$300 Million in this Fraud Land Transaction which we registered a Caveat Interest in the Land as our ancestral Inheritance Claim of original Native Title of Moai Statue Memorial over Auckland as the Wanoa Land Manawhenua Title Interests, Manukau land interests linked to the "Manukau Land Company Ltd" Real Estate Company in Glasgow Scotland that formed the first Legal British Land Titles of New Zealand that has been hidden away from the public citizens of New Zealand I have now exposed. Most of the Auckland City Boundary areas of Land foreshore and seabed was Gifted Land which we are wanting returned to us the Original Landlords but the "Crown" Agents conspired in this man Douglas RIKARD-BELL to Forge the Land Titles in order to remove all the 11 Title Holders and our Registered Caveat hold on this Land Ownership we now pursue through your Admiralty High Court in London to have it foreclosed on and returned to us with the fines we have Bill Charge Debtor to the 10 Accused Conspirators of the New Zealand Government Agents of "Her Majesty the Queen in Right of New Zealand" Private Corporation under John Key Prime Minister Leadership! Moai Crown Confederation charged these 10 Accused persons of their "Sole Company's and their natural names with Fraud Crimes we have listed in Affidavits before and after these Illegal Acts were committed. They are graphic and are displayed on facebook, twwitter google and youtube since the beginning of the crimes and before that event. They have Corrupted the "Crown" Corporation of London as well as the Australian Government is now in Treason I will explain the situation! The last claim over this gifted land is the Kawharu claim linked historically to Manukau and Wanoa as the oldest land title holder over Auckland City with a real Moai Statue standing on the land dating everyone off the land Title past 300AD My own Wanoa Royal Family holds this Title over the whole Country that links our Poinesian Whakapapa Geneology Surnames to these lands that have been hidden by the New Zealand Government! I am the Moai Historian native to Rapa'nui Easter Island and Raiatea Island and my Chief is Linki Taurua Taumata Head of Te Tii Marae where the 1835 Declaration of Independemnce Flag of King William IV Rear Admiral of the Fleet Commercial Contract Bank Trade Flag of Jurisdiction was signed between the British Navy Military King William IV and Kingi Taurua Sumame Chiefs. We have these Titles that have never been shown before so this puts the New Zealand, Canadian and Australian Governments in a bad legal position! our "Moai Crown" Confederation Administrators links the current case in Australia as our prescedent case evidence Fraud has been committed by the "Crown" Agents we have named on facebook over 6 years now none of them have refuted Moai Crown Confederation Affidavits! Brief details of claim

Claim. This is a very serious case of Fraud dating back to 2009 when I registered an interest on the Land Title that this property 61 Cook Street Auckland City sits on that was the cause of a Westpac Bank foreclosure because of default payments. Over the Mortgage by one Jamie Peters previous landowner who allowed me to investigate his Land Title and Mortgages. I am a previous Real Estate Agent for Harveys Real Estate Company proficient in Land matters and particularly "Crown" and Maori Land Titles, Mortgage Broking and Banking Loans experience to do this work. There were 11 Investors who lost NZD\$300 Million in this Fraud Land Transaction which we registered a Caveat Interest in the Land as our ancestral Inheritance Claim of original Native Title of Moai Statue Memorial over Auckland as the Wanoa Land Manawhenua Title Interests, Manukau land interests linked to the "Manukau Land Company Ltd" Real Estate Company in Glasgow Scotland that formed the first Legal British Land Titles of New Zealand that has been hidden away from the public citizens of New Zealand I have now exposed. Most of the Auckland City Boundary areas of Land foreshore and seabed was Gifted Land which we are wanting returned to us the Original Landlords but the "Crown" Agents conspired in this man Douglas RIKARD-BELL to Forge the Land Titles in order to remove all the 11 Title Holders and our Registered Caveat hold on this Land Ownership we now pursue through your Admiralty High Court in London to have it foreclosed on and returned to us with the fines we have Bill Charge Debtor the 10 Accused Conspirators of the New Zealand Government Agents of "Her Majesty the Queen in Right of New Zealand" Private Corporation under John Key Prime Minister Leadership! Moai Crown Confederation charged these 10 Accused persons of their "Sole Company's and their natural names with Fraud Crimes we have listed in Affidavits before and after these Illegal Acts were committed. They are graphic and are displayed on facebook, twitter google and youtube since the beginning of the crimes and before that event. They have corrupted the "Crown" Corporation of London as well as the Australian Government is now in Treason I will explain the situation! The last claim over this gifted land is the Kawharu claim linked historically to Manukau and Wanoa as the oldest land title holder over Auckland City with a real Moai Statue standing on the land dating everyone off the land Title past 300AD My own Wanoa Royal Family holds this Title over the whole Country that links our Polynesians Whakapapa Genealogy Surnames to these lands that have been hidden by the New Zealand Government! I am the Moai Historian native to Rapa'nui Easter Island and Ralatea Island and my Chief is Linki Taurua Taumata Head of Te Tii Marae where the 1835 Declaration of Independence Flag of King William IV Rear Admiral of the Fleet Commercial Contract Bank Trade Flag of Jurisdiction was signed between the British Navy Military King William IV and Kingi Taurua Surname Chiefs. We have these Titles that have never been shown before so this puts the New Zealand, Canadian and Australian Governments in a bad legal position! our "Moai Crown" Confederation Administrators links the current case in Australia as our precedent case evidence Fraud has been committed by the "Crown" Agents we have named on facebook over 6 years now none of them have refuted Moai Crown Confederation Affidavits! We have them dated and witnessed for trial in your Court because we do not trust our Legal System as you will discover the integrity of your Court shall be the Judge of all the cases that we present to you to transfer back into our Courts. I would like to have an urgent reply so that we can process the claims on at a time in order and we are following your Courts Rules now online as the most effect way resolving matters as they come up. The Prime Minister is one of the Respondents who have ignored our pleas too long as you will see he is not too popular with his "Spy Bill" and "Food Bill" by the Citizens. Moai Crown Confederation is a world wide Membership in waiting to clear Titles Claims and Settlement. We have made all our Statements online Intentions against all accused so it is well publicised. The points of law and historical evidence

1. Continued existence of the current laws depends entirely on British law, in that the New Zealand Constitutional Act 1852 (A United Kingdom Act, UK Short Title), purports to provide our current New Zealand Constitution. The Act in fact reads "An act to grant a Representative Constitution to the Colony of New Zealand". This Act did not confer Sovereignty, New Zealand was still a colony of the UK in 1852, and hence it only conferred a "Colony" Constitution.

In addition the laws are also dependant on the Colonial Laws Validity Act 1865 (UK), The English Laws Act 1908 (NZ) and the Imperial Laws Application Act 1988 (NZ).

2. New Zealand, like Australia, was still considered a colony under international Law prior to 1919 as is evidence by the "Declaration of War" against Germany, made on behalf of the British Colony of New Zealand by King George V of the United Kingdom in 1914. This is historical evidence, that we only conferred a "Colonial" Constitution.

The United Kingdom was a signatory state to the Treaty of Versailles on 28 June 1919 and thereby became one of the guarantors of New Zealand's Sovereign Independence from that date onwards.

3. New Zealand achieved its independence or sovereignty on the 10th January 1920 when it became a member of the League of Nations. The UN can be contacted to confirm this fact.

4. Under the UK and International Law, the Covenant of the League of Nations Article XX and under the UN Charter Article 2.4 all Colonial Laws applying the New Zealand pre-Sovereignty are voided.

5. This means that the "New Zealand Constitutional Act 1852 UK", The Act purporting to establish the "New Zealand Constitution" does not legally exist and hence all subordinate laws, in fact our entire Political and Judicial system have no legal validity since 1920.

6. The attempt by British, New Zealand and Australian politicians to subvert International Law by means of Paragraph 4 of the Statute of Westminster 1931, purporting to allow Colonial Law to continue after sovereignty, is in direct contradiction of Article X and articles XX of the Covenant of the League of Nations and Articles 2.1 and 2.4 of the UN Charter.

7. We hereby challenge the Governments of New Zealand - Australia - Canada and or the United Kingdom to provide evidence of a higher legal authority than the Covenant of the UN Charter whereby the situation can legally exist. The only exception is when a reciprocal treaty applies, which does not infringe upon the sovereignty of either member state. Such a treaty between the UK and New Zealand with respect to our "Constitution" does not at law exist. If any Judiciary Officer or Public Servant believes it does, produce evidence of it. Anything less is only personal opinion.

8. If the "New Zealand Government" regards the Statute of Westminster 1931, paragraph 4 as a form of "Treaty", then they must realise that under Article XVII of the Covenant of the League of Nations and under Article 102 of the UN Charter all treaties or international agreements must be registered with the Secretaries of these organization to be legally binding at International Law. We will then require the Judiciary Officer or Public Servant to provide evidence of this "Treaty" as mentioned above.

FOUNDATION OF THE SETTLEMENT

Melbourne, the capital of Victoria, was founded in 1835, in the reign of King William IV. However, unlike other Australian capital cities, Melbourne did not originate under official auspices. It owes its birth to the enterprise and foresight of some settlers from Tasmania, where the land available for pastoral purposes was becoming overstocked. They, therefore, formed the Port Phillip Association for the purpose of the pastoral exploration of Port Phillip. On 10th May, 1835, John Batman set sail in the 30-ton schooner 'Rebecca' on behalf of the Association to explore Port Phillip for land.

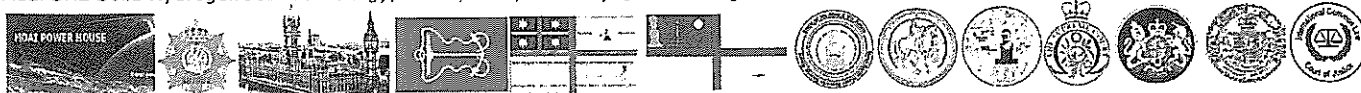

Batman and his party, after entering Port Phillip Bay on 29 May, anchored their ship a short distance from the heads and made several excursions through the countryside. On 6 June, at Merri Creek, near what is now Northcote, Batman purchased 600 000 acres of land from eight aboriginal chiefs. This area of land included the sites of both Melbourne and Geelong. The Government later cancelled this purchase and, as a result, had to compensate the Port Phillip Association.

On 8 June, 1835, Batman and his party rowed up the Yarra River and landed near the site of the former Customs House (now Commonwealth Parliamentary Offices). John Batman recorded in his journal: "about six miles up, found the river all good water and very deep. This will be the place for a village". Batman left three white men of his party and five

On 26 August, 1835, the Governor of New South Wales, Sir Richard Bourke, issued a proclamation stating that all treaties with Aborigines for the possession of land would be dealt with as if the Aborigines were trespassers on Crown lands. Later that year, Bourke wrote to the Secretary of State, Baron Glenelg, reporting his action and proposing that a township be marked out and allotments sold. On 13th April, 1836, Baron Glenelg authorised Governor Bourke to form a settlement.

The settlement, at this time, lacked the essentials of a town (a governing authority, a legal survey and ownership of lands); everyone seemed to do as they liked, but the community was law-abiding and the only disputes were between Batman and Fawkner.

On 25 May, 1836, Governor Bourke sent a Commissioner to report on affairs. In his report he stated that the settlement, which he called 'Bearbrass', comprised 13 buildings – three weatherboard, two slate and eight turf huts. "The whole of the European population," he wrote, "consists of 142 males and 35 females. The number of sheep grazing is 26 900; horses, 57; and horned cattle, 100; while 11 vessels of from 55 to 300 tons are engaged in bringing stock over from Tasmania."
